Subject: December 2018 Amended Site Investigation Workplan: Reynolds Property/Former Burke
Wastewater Treatment Plant

Dear Mr. Nelsen:

The Department has reviewed and approves the amended site investigation workplan prepared by Seymour Environmental. The changes made to the sludge investigation portions of the workplan adequately address the Department concerns raised in November 2018. As submitted the workplan can be implemented according to your schedule. Please keep me informed of field activities as they progress and contact me with any questions about site investigation findings.

Sincerely,

A handwritten signature in blue ink that reads 'R. Michael Schmoller'.

R. Michael Schmoller
Hydrogeologist
